Introduction

The Common Grant Application is a cloud-based grant and scholarship management system that provides a simple, flexible and inexpensive way for grantmakers to manage their entire grant or scholarship life cycles. The Common Grant Application is customizable and provides complete capabilities to receive, track, review, evaluate and manage online and paper-based grants, scholarships, agreements, reports and documents. It will make you and your applicants lives simpler and easier.

Features

General Features

- Easy and simple to use. Minimal training required.
- Private and secure. Complies with European Union General Data Protection Regulations.
- Reliable and always available. Information is backed up on a daily basis.
- Each account may have multiple users. Each user can have different access privileges.
- Applicant information and documents are persistent and reusable.

Grantmaker Features

- Flexible and customizable application, letter of recommendation and report questions.
- Create and maintain independent programs that use the same or different filtering criteria.
- One or two-step application process.
- Manage grants, scholarships, documents, media (video, audio, photos), agreements and reports.
- Filter applications that are submitted.
- Receive and review Web or paper-based applications.
- One, two or three or four-step evaluation process.
- Assign applications to be scored, rated or ranked to individual evaluators or groups of evaluators.
- Approve, reject or withdraw applications.
- Create an unlimited number of custom reports that can be displayed, printed or exported in CSV format to be used in Excel or other programs.
- Track, manage and display real-time status of online applications either individually or in aggregate.
- Manage applicant notes.
- Geopositioning using Google Maps.

What Makes Us Different

- No setup, training, maintenance, support or per user fees.
- Unlimited and free grantseeker and grantmaker support.
- Many grantseeker to many grantmaker model.
- Reusable and scalable.
- Flexible and reusable forms for grants, scholarships and reports. Libraries of forms and questions can be built and maintained.
- Collaborative and real-time.
- Grantseekers can't apply unless their application meets your filtering criteria.
- Grantseekers from over 100 countries have used the system.
- Grantseekers can easily re-use their information for other applications.
- Grantseekers can easily track the status of their applications.

Value

The Common Grant Application can save time, money and improve the quality of the grant making process.

Pricing

The Common Grant Application service is completely free to grantseekers. Grantmakers pay a low monthly subscription fee and a low per application fee.
